

Scientific Committee:

Federico Coccolini, Dario Tartaglia, Massimo Chiarugi (Pisa, Italy)

Expert panel:

Marja Boermeester (The Netherland)	Walter Biffl (USA)
Fausto Catena (Italy)	Raul Coimbra (USA)
Demetrios Demetriades (USA)	Joseph Galante (USA)
Andrew Kirkpatrick (Canada)	Yoram Kluger (Israel)
Ari Leppaniemi (Finland)	Manu Malbrain (Belgium)
Junichi Matsumoto (Japan)	Pradeep H Navsaria (South Africa)
Kemal Rasa (Turkey)	Viktor Reva (Russia)
Massimo Sartelli (Italy)	Robert Sawyer (USA)
Vishal Shelat (India)	Jean Louis Vincent (Belgium)
Michael Sugrue (Ireland)	Edward Tan (The Netherland)

Program:

January 20th, 2021 - 3.00 to 4.00 p.m. CET

Severe peritonitis:
to leave the abdomen open vs. to close it
 PRO Open Abdomen Andrew Kirkpatrick
 CONS Open abdomen Marja Boermeester

February 25th, 2021 - 3.00 to 4.00 p.m. CET

High grade splenic injury:
angioembolization vs. splenectomy
 PRO Splenectomy Walter Biffl
 PRO Angioembolization Pradeep H Navsaria

March 26th, 2021 - 3.00 to 4.00 p.m. CET

Complicated acute diverticulitis:
resection and anastomosis vs. Hartmann proc.
 PRO Resection/anast Fausto Catena
 PRO Hartmann Yoram Kluger

April 30th, 2021 - 3.00 to 4.00 p.m. CET

Fluid management in abdominal sepsis:
fluid restriction vs. liberal administration
 PRO Fluid restriction Manu Malbrain
 PRO Liberal administration Jean Louis Vincent

May 27th, 2021 - 3.00 to 4.00 p.m. CET

Hemodynamically transient responders trauma patient: CT scan or not
 PRO CT-scan Junichi Matsumoto
 CONS CT-scan Edward Tan

June 25th, 2021 - 3.00 to 4.00 p.m. CET

Hemodynamically unstable patients in pending cardiac arrest: resuscitative thoracotomy and REBOA
 PRO Resuscitative thoracotomy Demetrios Demetriades
 PRO REBOA Viktor Reva

September 24th, 2021 - 3.00 to 4.00 p.m. CET

Intra-abdominal infections:
long course vs. short course antibiotic therapy
 PRO Long course Kemal Rasa
 PRO Short course Robert Sawyer

October 29th, 2021 - 3.00 to 4.00 p.m. CET

Severe thoracic trauma and flail chest:
rib plating vs. conservative management
 PRO Rib plating Joe Galante
 PRO Conservative management Raul Coimbra

November 26th, 2021 - 3.00 to 4.00 p.m. CET

Non complicated acute diverticulitis:
antibiotic treatment vs. non antibiotic treatment
 PRO Antibiotic treatment Massimo Sartelli
 CONS Antibiotic treatment Ari Leppaniemi

December 17th, 2021 - 3.00 to 4.00 p.m. CET

Severe acute cholecystitis in high risk patients:
cholecystectomy vs gallbladder drainage
 PRO Cholecystectomy Michael Sugrue
 PRO Drainage Vishal Shelat

Logistical information: Introduction 5 min, Pro and Cons debate 15 min + 15 min, Discussion, Questions and Conclusion 20 min. Total 60 minutes. Free participation on Zoom platform.
